WITH REGARD TO THE PROPOSED RESOLUTION FOR A CAPITAL INCREASE BY WAY OF A COMPENSATION OF CREDITS, INCLUDED AS ITEM 5.2 ON THE AGENDA OF THE EXTRAORDINARY GENERAL SHAREHOLDERS MEETING, CALLED FOR NOVEMBER 15, 2017, ON FIRST CALL, AND ON NOVEMBER 16, 2017, ON SECOND CALL.

I. Introduction

This report is formulated with regard to the proposed resolution for a capital increase by way of the compensation of credits of Promotora de Informaciones, S.A. (“**Prisa**” or the “**Company**”), without preferential subscription rights, will be submitted to the consideration of the Extraordinary General Shareholders Meeting of Prisa called for November 15, 2017 on first call, and on November 16, 2017 on second call.

II. Purpose of the report. Description of the transaction

The proposed resolution refers to the share capital increase by an amount of EUR 47,000,000.00 through the issuance and floating of 50,000,000 new ordinary shares of the Company with a par value of EUR 0.94 each (the “**New PPL Shares**”), of the same class and series as those currently outstanding, represented in book-entry form (el “**PPL Capital Increase**”).

The New PPL Shares are issued at par value, i.e EUR 0.94, with a share premium to be determined by the Board of Directors, which may not be lower than EUR 1.06, resulting in an issue price of EUR 2.00 per share (par value plus premium). Consequently, the total amount corresponding to the share premium will be of, at least, EUR 53,000,000.00, for a total amount of EUR 100,000,000.00 (par value plus premium).

The par value and the share premium corresponding to the new PPL shares will be paid entirely by offsetting the credits held against the Company that are listed further below in section V.1.a).

Said proposed resolution will be subject to the approval of the Extraordinary General Shareholders Meeting called for November 15, 2017 on first call, and on November 16, 2017 on second call.

This report is prepared by the Board of Directors of Prisa in compliance with the provisions of the following articles of the Consolidated Text of the Spanish Companies Act, approved by Legislative Royal Decree 1/2010, of 2 July (the “**Spanish Companies Act**”):

- article 286, in respect of the corresponding statutory modification relating to article 297.1 a), concerning the delegation in the Board of Directors of the power to set the terms and conditions of the already agreed capital increase; and

- article 301, in order to describe the proposal relating to the PPL Capital Increase and, in particular: (i) the nature and characteristics of the credits against the Company that would be subject to offsetting in the framework of the PPL Capital Increase; (ii) the identity of the contributors of said credits; (iii) the number of shares that must be issued; (iv) the amount of the capital increase; and (v) the express statement of the consistency of the data relating to the credits with the Company's accounts.

In light of the characteristics of the PPL Capital Increase, which will be listed further below, and in accordance with the provisions of article 304 of the Spanish Companies Act, there will be no preferential rights in favour of the Company's current shareholders in the PPL Capital Increase.

Shareholders will first be offered an explanation of the transaction proposed to the General Shareholders Meeting and the reasons that justify the PPL Capital Increase. Then, the reports provided for in the Spanish Companies Act, for the purposes of articles 286, related to 297.1a) and 301, will be issued jointly, although explained in different sections. Finally, the proposed PPL Capital Increase resolution is included in the final paragraph, which will be submitted for the approval of said Extraordinary General Shareholders Meeting.

III. Description of the PPL Capital Increase and reasons for the transaction

In order for the aforementioned proposal for a share capital increase to be validly submitted for approval to the General Shareholders Meeting of the Company and given that the resolution consisting of the share capital increase results in the necessary amendment of article 6.1 of the Articles of Association of the Company, the Board of Directors must issue this report pursuant to articles 286, 296 and 297 of the Spanish Companies Act. As such, this report justifies the proposed resolution.

Similarly, article 287 of the Spanish Companies Act requires that the announcement of the call for the General Shareholders Meeting clearly state the items that are to be amended and the right of all shareholders to examine the entire text of the proposed amendment and the related report at the Company's registered office. Shareholders may also request the free delivery or submission of such documents.

The Board of Directors of the Company propose this resolution to the General Shareholders Meeting of the Company on the basis that, given the current situation, it is in the interests of the Company to increase its equity in order to strengthen its financial and capital structure, in such a way so as to permit the reduction of the financial leverage of the business, honour its financial commitments, and assume the strategic goals and challenges outlined in the Company's strategic plan. This share capital increase therefore falls within the Company's debt restructuring process and is complemented by the share capital increase with preferential subscription rights that is the subject of Item 5.1. of the Agenda (the "**Share Capital Increase with Preferential Subscription Rights**").

In this context, and in view of the interest that some of the Company's creditors have expressed in becoming part of its shareholding, the Board of Directors has had its decision confirmed to submit for approval of the Company's General Shareholders Meeting a share

capital increase by way of a compensation of credits, which will only take effect if the Share Capital Increase with Preferential Subscription Rights proposed under Item 5.1. of the Agenda is approved and implemented.

Finally, it is stated for the record that, while the share capital increase by way of a compensation of credits will be aimed at all of the financial institutions holding profit participating loans against the Company and that If the aggregated number of requested New PPL Shares exceeds the number of New PPL Shares to be issued in the context of the PPL Capital Increase, the New PPLS Shares to be subscribed by each PPL Creditor will be determined in proportion to the percentage that the New-PPL-Shares-request by each creditor represents over the total New-PPL-Shares-requests by all creditors.

IV. Report for the purposes of Article 286 of the Spanish Corporations Act

However, in the framework of the restructuring operations described in section III above, it is envisaged that the Company's General Shareholders Meeting will adopt, prior to the approval of the share capital increase that is the subject of this report, several share capital reductions and a share capital increase with preferential subscription rights in such a way that, following the adoption of such resolutions, the Company's share capital shall be increase up to EUR 352,500,000.00, represented by 375,000,000 shares with a par value of EUR 0.94 each, fully subscribed and paid for, all of them belonging to the same class and series.

Consequently, the total amount corresponding to the share premium will be of, at least, EUR 53,000,000.00, for a total amount of EUR 100,000,000.00 (par value plus premium), without prejudice of the possibility of an incomplete subscription.
