In the last three cases, the Chairperson of the Board of Directors must convene the meeting within five business days of receiving the request so that it can be held no later than three calendar days of the announcement date; this deadline shall be four calendar days if there is a weekend between the announcement and the date set for the corresponding meeting.
3. The Chairman of the Board of Directors shall have the right to convene the Board's meetings. However, the meetings of the Board of Directors may be convened by the Secretary of the Board of Directors, or whoever performs the latter's duties, with the Chairman's authorization. The meeting shall be convened by any means that permits the receipt of its notification. The meeting may also be convened by directors representing at least one third of the members of the Board, indicating the agenda and holding it at the company's registered address, if the Chairman of the Board of Directors fails to convene it without justification within one month after receiving a request.
4. The Board Regulations shall set out, within the framework envisaged in these Bylaws and in the applicable regulations, the system for convening the Company's Board meetings.

Article 20.- Quorum of the Board meetings

2. Directors must attend meetings personally, preferably being physically present. However, if it is impossible for a director to attend, the director shall grant a special power of attorney in writing to another director for each Board meeting, giving instructions to the proxy regarding the represented party's opinion. Non-executive

directors may do so only to another non-executive director. Representation cannot be delegated on matters in which the director has a conflict of interest.

3. The Board of Directors can adopt resolutions in writing and without a meeting when no directors oppose this. Likewise, the Board can hold a meeting through videoconferencing or any other similar means which duly guarantee the attendees' identity.

Article 21.- Discussion and adoption of resolutions at the Board meetings

1. The resolutions shall be adopted by the absolute majority of the members of the Board of Directors who attend in person or by proxy, unless the law or the Bylaws envisage a different majority. In the event of a tie, the Chairperson shall have the casting vote.

Article 22.- Delegation of powers

1. The Board of Directors can permanently delegate all or part of its powers, except for the non-delegable powers in accordance with the law, the Company's Bylaws or the Board of Directors Regulations, to a Delegated Committee and/or to one or more Chief Executive Officers, and determine the members of the Board of Directors itself who will be the members of the appointed body and, where applicable, the way in which the powers granted to the Chief Executive Officers are exercised.
2. The permanent delegation of powers and the establishment of which members of the Board itself will hold such positions shall require the favourable vote of two-thirds of the Board members.
3. Notwithstanding the delegation of powers, the Board of Directors shall maintain the delegated powers.

Article 23.- Board Committees

1. The Board of Directors must create an Audit and Compliance Committee and a Nominations, Compensation and Corporate Governance Committee. The powers of such Committees are specified in the law and developed in the Board of Directors Regulations.

TITLE IV.- FINANCIAL STATEMENTS

Article 24.- Drafting and verification of the financial statements

1. Within three months of the end of the financial year, the Board of Directors shall draft and sign, in accordance with the regulations in force, the financial statements, the directors' report and the proposed distribution of earnings and, where applicable, the consolidated financial statements and directors' report.
2. The financial statements and the directors' report shall be reviewed by an auditor under the terms envisaged in the law.

Article 25.- Approval of the financial statements and distribution of earnings

1. The Company's financial statements shall be submitted for approval by the Annual General Meeting.
2. Once the financial statements are approved, the General Meeting shall resolve on the distribution of the year's earnings.
3. Once the legal or Company bylaw requirements are met, the dividends may only be distributed against profit for the year or against unrestricted reserves if the value of net equity is not lower than that of share capital or does not fall below share capital as a

result of this distribution. Where losses exist from previous years that reduce the Company's equity to below the amount of share capital, profit must be allocated to offset these losses.

In addition, profits may not be distributed unless the unrestricted reserves are at least equal to the amount of research and development expenses recognised under assets on the balance sheet.

4. The General Meeting can resolve to pay the dividend partially or fully in kind, provided that the assets or securities to be distributed are standardised, listed in an official market at the time of the resolution or the Company duly guarantees their liquidity within one year and are not distributed for a value less than their value on the Company's balance sheet. The foregoing is equally applicable to the distribution of the share premium and to the share capital decrease by refunding contributions.

Article 26.- Filing of the approved financial statements

Within one month of the approval of the financial statements, the directors shall submit, for filing at the Commercial Registry of the registered office, a certificate of the resolutions by the General Meeting approving the financial statements and the distribution of earnings, attaching a copy of each of those accounts as well as the directors' report and audit report.

It is resolved to amend the articles stated in the title of this resolution, which shall hereafter have the following wording:

Article 4. Call

1. The General Meeting shall be called by the Board of Directors, which shall establish its agenda.

The Board of Directors must call the Annual General Meeting under the terms envisaged in the law and the Extraordinary General Meeting when a number of shareholders owning at least 3% of the share capital requests this by notarial means. In the latter case, the Board of Directors shall call the Meeting to be held within two months of the date on which it was requested by notarial means, stating this circumstance in the meeting announcement, and draft the agenda which must necessarily include the items stated in the request.

2. In the event that the Annual General Meeting is not called within the legal deadline, the competent authority can call it in accordance with the system legally envisaged at any given time and will also designate the person who will chair the Meeting. The competent authority can also call the Extraordinary General Meeting when this is requested by the number of shareholders stated in the preceding paragraph.

Article 5. Publication of Call

1. The Annual General Meeting and the Extraordinary General Meeting must be called by the Board of Directors in an announcement published at least in the following media: a) the Business Register's Official Gazette or in one of the newspapers with the largest circulation in Spain; b) the website of the CNMV (Spanish Securities Market Commission); and c) the Company's website.

There must be at least one month between the date on which the meeting is called and the date on which it is expected to be held, without prejudice to, where applicable, the possibility of reducing that period when the requirements envisaged in the law are met. The announcement must include, where applicable, the date on which the meeting will be held at second call; in this case, there must be at least 24 hours between the first and second call.

Article 8. Representation

1. Shareholders can grant representation to another person. The representation shall be specific to the Meeting in question. The representation shall be stated in any of the following documents, in all cases with a handwritten signature: (i) the attendance card issued by the custodians participating in Iberclear, (ii) a letter or (iii) the standard form made available by the Company for these purposes to the shareholders.

The document stating the representation must contain or attach the agenda.

2. When the representative is the spouse, ascendant or descendent of the represented shareholder, or when the representative has a general power of attorney granted in a public document with authority to manage all the property that the represented shareholder has in the country, it will not be necessary for the proxy to be granted specifically for a given Meeting, or for the proxy to be evidenced by a handwritten signature on one of the documents envisaged in the first section of this article. However, the representative must attach the attendance card issued by the custodian participants in Iberclear in favour of the represented shareholder.
3. If a proxy is extended in favour of the Board of Directors, or if the proxy does not state the name of the person to which the proxy is granted, it will be understood to have been granted to the Chairperson of the Board of Directors, or, where applicable, to the person chairing the General Meeting.
4. If the represented shareholder has not given voting instructions, it will be understood that the representative may vote in the sense he/she deems to be most appropriate to the interests of the shareholder.
5. Unless otherwise stated by the represented shareholder in the document granting the representation, the delegation of power also includes the proposals regarding the items not envisaged in the agenda.

If, in accordance with that stated above, the delegation of power includes the proposals regarding the items not envisaged in the agenda, the precise instructions from the represented shareholder shall be understood as the proxy voting in the sense that he/she deems to be most appropriate to the corporate interest, unless other express instructions are stated by the represented shareholder in the document granting the representation.

6. If the appointed representative is in a conflict of interest in voting on any of the proposals that, whether or not on the agenda, are submitted for approval of the General Meeting, and the represented shareholder has not given precise voting instructions, the representative must refrain from voting on the matters that, having a conflict of interest, he/she must vote on behalf of the shareholder.

Without prejudice to the foregoing, if the designated representative is the Chairperson of the Board or any member of the Board of Directors, is in a conflict of interest and has not received precise voting instructions, he/she will be replaced as representative by the Secretary of the Board of Directors.

If the Secretary is also in a conflict of interest, he/she must refrain from voting on the matters that, having a conflict of interest, he/she must vote on behalf of the shareholder. The Secretary of the Board of Directors is understood to be in a conflict of interest

regarding the proposals for removing directors or for exercising corporate liability action made as items outside the agenda.

7. A proxy granted to a person who by law cannot act as such shall not be valid or effective.
8. A proxy may also be granted by remote electronic means of communication. For this purpose, the procedure envisaged in article 11.2 of these Regulations shall be used, to the extent not incompatible with the nature of a proxy. The identity of the shareholder will be shown subject to the same requirements as established in the aforesaid article 11.2, with the term established in article 11.3 of these Regulations also being applicable to valid receipt of the proxy. To identify the representative appointed by the shareholder, the identifying information required for such purposes must be entered in the electronic form.
9. Proxies are always revocable, and considered to be revoked by casting a remote vote or personal attendance at the Meeting by the represented shareholder.
10. The proxy can represent more than one shareholder and there is no limit to the number of represented shareholders. When a proxy represents several shareholders, he/she can cast different votes based on the instructions given by each shareholder.
11. In any case, the number of represented shares will be calculated for the meeting quorum.
12. The Board of Directors is empowered to implement the preceding provisions and establish the appropriate rules, means and procedures so that they can conform to the state of the art with the aim of granting the representation by electronic means, conforming, where applicable, to the rules issued for such purpose.

In particular, the Board of Directors may (i) regulate the use of guarantees of electronic signatures for the granting of proxies by electronic correspondence and (ii) reduce the advance term established above for receipt by the Company of proxies granted by post or email.

13. The Chairperson and the Secretary of the General Meeting shall have the broadest authority to accept the validity of the document or form of evidencing representation.
14. Likewise, the institutions which are legitimated as shareholders by virtue of the accounting record of the shares but act on behalf of several persons may, in any case, split the vote in opposing ways to comply with the different voting instructions if they receive them. In particular, the fractioning of the votes will be allowed to the depository of the shares issued by the Company within the framework of the American Depositary Share (ADS) programme represented by the American Depositary Receipts (ADRs).

The intermediaries referred to in the preceding paragraph may grant proxies to each of the indirect holders or the third parties designated by them, with no limitation on the number of proxies granted.

Article 18. Conduct of the General Meeting

2. Shareholders wishing to speak at the Meeting will identify themselves to the Notary Public or, at the Notary Public's indication, to the personnel assisting the notary, stating their full names, the number of shares they own and those they represent and the items on the agenda in respect of which they will speak. Shareholders who wish to propose resolutions not on the agenda, in accordance with the law, must do this when they speak. If they intend

to request that their speech is drafted in the minutes of the Meeting, they must deliver it in writing, at that time, to the Notary Public, so that the Notary Public will be in a position to cross-check the shareholder's presentation with the written version when the presentation is made.

3. Once the Chairperson or Secretary has the list of shareholders wishing to participate, and before the voting on the items on the agenda, the presentations of shareholders will begin, with the shareholders appearing in the order in which they are called.

Article 20. Voting

6. The voting on proposals will be made, as regards votes cast at the Meeting, in accordance with the following procedure:
 - a) When dealing with resolutions regarding items included in the agenda of the Meeting, irrespective of whether such resolutions have been proposed by the Board or not:
 - (i) the votes corresponding to all shares physically present at the Meeting and represented (absent other instructions from the represented shareholder), plus affirmative votes cast remotely will be treated as votes in favour of the proposal.
 - (ii) the votes corresponding to shares whose holders or representatives state that they vote against, by communication or statement of their vote to the Notary Public at the Meeting, for recording in the minutes, as well as negative votes cast remotely will be treated as votes against the proposal.
 - b) When dealing with proposed resolutions regarding items not included in the agenda:
 - (i) the votes corresponding to all shares physically present at the Meeting and represented (absent other instructions from the represented shareholder), plus negative votes cast remotely will be treated as votes against the proposal.
 - (ii) the votes corresponding to shares the holders of or proxies for which state that they vote in favour, by communication or statement of their vote to the notary at the Meeting, for recording in the minutes, plus affirmative votes cast remotely will be treated as votes in favour of the proposal.

Nevertheless, it is understood that the shareholders who vote by remote means abstain from the proposed resolutions regarding items not included in the agenda, unless expressly stated otherwise.

9. In any event, the proposed resolutions drafted by the Board of Directors will be voted on first. Once the proposed resolution is approved, all the others regarding the same matter which are incompatible with it shall automatically lapse and, therefore, they shall not be put to a vote.

It is also resolved to remove articles 17.5 and 20.10.

- 6.3 **Amendment to articles 5.2 and 5.3 (Meeting Announcement), 6.1 (Shareholders' right to information prior to the General Meeting), 7.1 (Attendance Right), 11.3 and 11.5 (Formal requirements and terms for voting by post or remote electronic**

means), 15 (Required presence of a notary), 19 (Request for information during the General Meeting), 20.2, 20.3 and 20.5 (Voting), 23.2 (Minutes of the Meeting), 24 (Disclosure of the resolutions)

It is resolved to amend the articles stated in the title of this resolution, which shall hereafter have the following wording:

Article 5. Publication of Call

2. The shareholders representing at least 3% of the share capital can request the publication of a supplement to the announcement of the Annual General Meeting, including one or more items on the agenda, provided that the new items include a justification or, where applicable, a proposed resolution with justification. That right cannot be exercised in any case with regard to the Extraordinary General Meeting. That right must be exercised by notifying it in a reliable way and which must be received at the registered office within five calendar days of the publication of the announcement. The supplement to the announcement must be published at least fifteen calendar days before the date scheduled for the meeting.
3. The shareholders representing at least 3% of the share capital can, within the same deadline stated in section 2 above, submit proposed resolutions with justification regarding matters already included or which must be included in the agenda of a General Meeting that has been called. The Company shall ensure that the proposed resolutions and the documentation which, where applicable, is attached are disseminated among the shareholders, in accordance with the provisions of article 6.6 of these Regulations.

Article 6. Shareholders' right to information prior to the General Meeting

1. The shareholders can request the directors by written means, until the fifth calendar day before the date expected for the Meeting, information or clarifications or ask questions regarding the items on the agenda, the information accessible to the public which was provided by the Company to the CNMV from the previous General Meeting, and about the audit report.

The valid requests for information and clarifications and the questions made in writing, and the answers provided in writing by the directors, shall be included on the Company's website.

Article 7. Right of Attendance

1. Shareholders owning at least 60 shares can attend the Company's General Meeting, provided that, five calendar days prior to the day the meeting is to be held, they are registered in the corresponding accounting books and remain so until the meeting is held.

Article 11. Formal requirements and terms for voting by post or remote electronic means

3. A vote cast by any of the means envisaged in sections 11.1 and 11.2 above must be in the possession of the Company, at its headquarters, at least 24 hours in advance of the time envisaged for holding the General Meeting at first call. Otherwise, the vote will be deemed

not to have been cast. The Board of Directors may specify a shorter advance term in each General Meeting's announcement.

5. A remote vote cast by a shareholder will result in prior proxies issued by the shareholder being deemed to be revoked, and those granted subsequently being taken as not having been granted. A vote cast remotely will be of no effect if the shares whose ownership gave the transferor voting rights are transferred, when that resulted in the appropriate registration in the book-entry register, at least five calendar days before the Meeting, if the new holder of the shares exercises its voting right.

Article 15. Required presence of a notary public

1. The Board of Directors can require the presence of a Notary Public to issue the minutes of the General Meeting and shall be obligated to do this provided that, five calendar days before the date scheduled for the General Meeting, this is requested by shareholders representing at least 1% of the share capital.
2. When the Meeting is held without having required the presence of a Notary Public, references made thereto in these Regulations will be understood to be made to the Secretary of the Board.

Article 19. Request for information during the General Meeting

1. When it is their turn to speak, shareholders may verbally request such information or clarifications as they deem to be appropriate regarding the items on the agenda as well as the information available to the public that has been provided by the Company to the CNMV since the previous General Meeting, and regarding the audit report.
2. The directors will be required to provide the requested information, unless it is not available at the Meeting, in which case the directors will be required to provide the information in writing within seven days of the end of the Meeting, without prejudice to the provisions of the next section.
3. Information need not be delivered when it is not necessary for the protection of the rights of the shareholder, or there are objective reasons to believe that it could be used other than for corporate purposes, or its disclosure would harm the Company or related parties. The request for information may not be refused for this reason if it is supported by shareholders representing at least 25% of the share capital.

Also, when, prior to the request, the information requested is available in a clear, express and direct manner to all shareholders on the Company's website in question and answer format, the directors may limit their answer to referring to the information provided in that format.

4. The information or clarification requested of members of the Board will be provided by the Chairperson, by the Chief Executive Officer, by the Secretary or, upon the indication of the Chairperson, by a Director, by the Chairperson of the Audit and Compliance Committee or by any employee or expert in the subject matter.
5. The Chairperson will decide the order of answers to shareholders and whether they will be given after each presentation, or collectively after the last of the presentations.

Shareholders have no right of reply, unless the Chairperson grants it based on the importance of the matter.

Article 20. Voting

2. The reading of the proposed resolutions by the Secretary of the Meeting may be dispensed with, summarised or provided in extracted form, at the discretion of the Chairperson, unless there is express opposition from the shareholders representing at least one percent of the share capital.
3. Full reading of proposals will however be necessary if the text thereof has not been made available to shareholders at least fifteen calendar days before the date set for holding the Meeting, under the terms set forth in these Regulations.
5. The matters that are substantially independent must be voted on separately. In any event, the following must be voted on separately:
 - a) the appointment, ratification, re-election or separation of each director, and
 - b) the amendment to the Bylaws, to an article or to a group of articles that are independent of each other.

Article 23. Minutes of the General Meeting

2. Otherwise the Secretary of the Meeting will draft minutes of the meeting, which will be entered into the Minute Book, and may be approved by the Meeting at the end thereof or, if not, within fifteen calendar days, by the Chairperson of the Meeting and two auditors, proposed by the Meeting Panel, one representing the majority and the other the minority. The minutes shall be signed by the Secretary and countersigned by the Chairperson.

Article 24. Disclosure of the resolutions

Without prejudice to filing the resolutions which can be filed at the Business Register and the applicable legal provisions regarding the disclosure of the applicable corporate resolutions, on the same day as Meeting is held or on the immediately following business day the Company shall send the approved resolutions to the CNMV in the corresponding relevant event communiqué. The full text of the resolutions and results of votes will be published on the Company's website within the five calendar days following the end of the Meeting.

6.4 Amendment to articles 9 (Public proxy solicitation), 12 (Place of Meeting), 13 (Security and logistics), 14.2 (Panel, Chairperson and Secretary of the General Meeting), 16 (Attendance list), 26 (Interpretation) and 27 (Approval and effectiveness)

It is resolved to amend the articles stated in the title of this resolution, which shall hereafter have the following wording.

Article 9. Public proxy solicitation

1. The public proxy solicitation must be made, in any case, in accordance with the regulations applicable at any given time.
2. In addition to complying with the duties provided for that purpose by law, if a proxy is granted in response to a public solicitation and the represented shareholder has not given voting instructions, it will be understood that the proxy (i) refers to all the items on the General Meeting's agenda, (ii) requires a favourable vote on all resolutions proposed by the Board of Directors and (iii) also extends to such matters as may arise apart from the agenda, in respect of which the representative will vote in the sense deemed to be most appropriate to the interests of the shareholder. If the director is in a conflict of interest when voting on any of the proposals, whether or not on the agenda, the provisions of article 8.5 of these Regulations shall apply.

In any case, it is understood that directors are in a conflict of interest regarding the following resolutions:

- Their appointment, re-election or ratification as directors.
- Their removal, withdrawal or dismissal as directors.
- The exercise corporate liability action against them.
- The approval or ratification, where applicable, of Company transactions with the directors in question, companies controlled by them or which they represent or persons acting on their behalf.

Article 12. Place of Meeting

1. General Meetings will be held in the location where the Company has its registered office, in the place and on the date stated in the announcement. Sessions of the General Meeting may be postponed for one or more consecutive days at the proposal of the General Meeting Panel, or at the request of a number of shareholders representing at least one-quarter of the share capital present at the Meeting.
2. As an exception, if anything occurs that substantially changes the proper order of the General Meeting, or there are other extraordinary circumstances preventing normal conduct thereof, the Board Chairperson may order suspension thereof for such time as may be necessary to re-establish the conditions permitting its continuation. If such circumstances persist, the Meeting Panel will propose postponement of the General Meeting to the following day, as envisaged in the preceding paragraph.

Article 13. Security and logistics

1. To ensure security and order in the conduct of the General Meeting, surveillance and protection measures will be established, including systems for control of access and the measures required to guarantee security, good order and conduct of the meeting.
2. There may be provisions for a live broadcast of the Meeting, the audiovisual recording thereof, presence of the media and, in general, such measures as may contribute to disseminating the General Meeting.

Article 14. Panel, Chairperson and Secretary of the General Meeting

2. The General Meeting shall be chaired by the person, if any, determined by the Board of Directors. In the absence of a specific decision by the Board, the Meeting shall be chaired by the Chairperson of the Board of Directors. In his/her absence, if any, it will be chaired by the Deputy Chairperson, and in the absence of both, by the attending director with greatest seniority in the position and, in the absence of all of them, by the shareholder in each case chosen by the shareholders attending the meeting.

Article 16. Attendance list

1. At least a half-hour in advance of the time established for the General Meeting, unless otherwise indicated in the announcement, the shareholders and representatives will be given access to the facilities at the indicated place, in order for the Meeting organisation services to verify the attendance cards and proxies and, where applicable, the documents evidencing them.
2. Shareholders or their representatives who arrive late, once the doors have been closed, may enter the hall if the Company so decides, but under no circumstances may they be included in the attendance list nor may they vote.
3. The attendance list will be drafted before the items on the agenda are discussed.
4. The Secretary of the General Meeting is responsible for drafting the attendance list, subject to the judgment of the Chairperson regarding the acknowledgement and admission of the shareholders to the General Meeting, as well as regarding admission of the votes cast by post and electronic means and the representation of shareholders.

To draft the list, the Meeting Secretary shall have the assistance of the Company's organisation services.

5. The attendance list shall be made available to the shareholders who request this at the start of the General Meeting.
6. The attendance list shall be attached to the minutes of the General Meeting, as an annex signed by the Secretary and countersigned by the Chairperson.
7. The attendance list can also be drawn up in a file or included in a computer file. In such cases, the means used shall be stated in the minutes themselves and the corresponding identification certificate signed by the Secretary and countersigned by the Chairperson shall be stated on the sealed cover of the file or computer file.

Article 26. Interpretation and amendments

2. The shareholders representing at least 3% of the share capital can request the publication of a supplement to the announcement of the Annual General Meeting, including one or more items on the agenda, provided that the new items include a justification or, where applicable, a proposed resolution with justification. That right cannot be exercised in any case with regard to the Extraordinary General Meeting. The supplement to the announcement must be published at least fifteen calendar days before the date scheduled for the meeting.
3. The shareholders representing at least 3% of the share capital can, within the same deadline stated in section 2 above, submit proposed resolutions with justification regarding matters already included or which must be included in the agenda of a General Meeting that has been called. The Company shall ensure that the proposed resolutions and the documentation which, where applicable, is attached are disseminated among the shareholders, in accordance with the provisions of article 6.6 of these Regulations.

Article 6. Shareholders' right to information prior to the General Meeting

1. The shareholders can request the directors by written means, until the fifth calendar day before the date expected for the Meeting, information or clarifications or ask questions regarding the items on the agenda, the information accessible to the public which was provided by the Company to the CNMV from the previous General Meeting, and about the audit report.

The valid requests for information and clarifications and the questions made in writing, and the answers provided in writing by the directors, shall be included on the Company's website.

2. The information requested in accordance with the provisions of this article shall be provided to the shareholder by the Board of Directors or, if it delegates this, by any of its members empowered for this purpose, by the Chief Executive Officer, by its Secretary or by any employees or experts on the matter. The information shall be provided in writing until the day of the General Meeting and through the Shareholder Office.
3. Nevertheless, the requested information can be refused in the cases envisaged in article 19.3 of these Regulations.
4. The shareholders must accredit their identity, if they request the information in writing, with a photocopy of their identity document or passport and, if they are legal persons, with a document providing sufficient accreditation of their representation.

The shareholders must accredit their status and provide sufficient details (number of shares, depository, etc.) so that this can be verified by the Company.

5. In the event that the right to information is exercised through electronic or other telematic means, a similar procedure to that envisaged in article 11.2 of these Regulations shall be used and the shareholder's identity shall be accredited with the same requirements as those established in that article 11.2.
6. In addition to any other mandatory documentation, the following shall also uninterruptedly be included on the Company's website from the date on which the meeting announcement is published until the date on which the General Meeting takes place:
 - a) The meeting announcement.
 - b) The total number of shares and voting rights at the date of the announcement, broken down by class of shares, where applicable.
 - c) The documents which must be submitted to the General Meeting and, in particular, the reports from the directors, the auditors and the independent experts.
 - d) The full texts of the proposed resolutions regarding all the items on the agenda or, with respect to the informative ones only, a report from the competent bodies, commenting each item. The proposed resolutions submitted by the shareholders shall also be included as they are received.
 - e) In the event that Board members are appointed, ratified or re-elected, the identity, résumé and category of the directors as well as the proposals and mandatory reports from the Nominations, Compensation and Corporate Governance Committee. If it is a legal person, the information must include the details of the individual who will be appointed to permanently carry out the position's functions.
 - f) The forms which must be used for voting by proxy or by remote means.

The documentation envisaged in sections a), c), d) and e) above shall also be provided to the CNMV.

The publication of the proposed resolutions does not exclude their amendment before the General Meeting if this is legally possible.

7. Once the General Meeting is called, to the extent provided by the applicable legislation and under the terms in which it is technically and legally carried out, the Company's website will provide an Electronic Shareholder Forum, which can be accessed with the pertinent guarantees by the individual shareholders and the voluntary associations that may be created, with the aim of facilitating communication before each General Meeting is held. The proposals to be submitted as a supplement to the agenda announced for the meeting, the requests for accepting such proposals, the initiatives for reaching a sufficient percentage to exercise the minority's rights envisaged in the law, and the offers or requests

for voluntary representation can be published on the Forum. The Company's Board of Directors shall establish the rules which will govern at any given time the Forum established for the General Meeting, which will be published on the website.

Article 7. Right of Attendance

1. Shareholders owning at least 60 shares can attend the Company's General Meeting, provided that, five calendar days prior to the day the meeting is to be held, they are registered in the corresponding accounting books and remain so until the meeting is held.

The holders of a smaller number of shares may group together to reach 60 shares, appointing their representative.

2. To exercise their attendance right, the shareholders must be previously authorised by way of the corresponding attendance card issued by any of the Iberclear institutions, or in any other way allowed by the applicable legislation.
3. The Board of Directors shall attend the Meeting, and the managers, officers and experts of the Company and of its investees can also attend, as well as any other person whose attendance is authorised by the Meeting's Chairperson, without prejudice to the Meeting's right to revoke that authorisation.

Nevertheless, the Board of Directors does not have to attend to declare the Meeting to be quorate.

4. To accredit the identity of the shareholders or of their valid proxies, at the entrance of the meeting venue, apart from showing their attendance card, the attendees can be requested to show their identity card or any other official document that is generally accepted.

The legal persons shall act through the individuals legally representing them, which must be accredited.

Article 8. Representation

1. Shareholders can grant representation to another person. The representation shall be specific to the Meeting in question. The representation shall be stated in any of the following documents, in all cases with a handwritten signature: (i) the attendance card issued by the custodians participating in Iberclear, (ii) a letter or (iii) the standard form made available by the Company for these purposes to the shareholders.

The document stating the representation must contain or attach the agenda.

2. When the representative is the spouse, ascendant or descendent of the represented shareholder, or when the representative has a general power of attorney granted in a public document with authority to manage all the property that the represented shareholder has in the country, it will not be necessary for the proxy to be granted specifically for a given Meeting, or for the proxy to be evidenced by a handwritten signature on one of the documents envisaged in the first section of this article. However, the representative must attach the attendance card issued by the custodian participants in Iberclear in favour of the represented shareholder.
3. If a proxy is extended in favour of the Board of Directors, or if the proxy does not state the name of the person to which the proxy is granted, it will be understood to have been granted to the Chairperson of the Board of Directors, or, where applicable, to the person chairing the General Meeting.
4. If the represented shareholder has not given voting instructions, it will be understood that the representative may vote in the sense he/she deems to be most appropriate to the interests of the shareholder.

5. Unless otherwise stated by the represented shareholder in the document granting the representation, the delegation of power also includes the proposals regarding the items not envisaged in the agenda.

If, in accordance with that stated above, the delegation of power includes the proposals regarding the items not envisaged in the agenda, the precise instructions from the represented shareholder shall be understood as the proxy voting in the sense that he/she deems to be most appropriate to the corporate interest, unless other express instructions are stated by the represented shareholder in the document granting the representation.

6. If the appointed representative is in a conflict of interest in voting on any of the proposals that, whether or not on the agenda, are submitted for approval of the General Meeting, and the represented shareholder has not given precise voting instructions, the representative must refrain from voting on the matters that, having a conflict of interest, he/she must vote on behalf of the shareholder.

Without prejudice to the foregoing, if the designated representative is the Chairperson of the Board or any member of the Board of Directors, is in a conflict of interest and has not received precise voting instructions, he/she will be replaced as representative by the Secretary of the Board of Directors.

If the Secretary is also in a conflict of interest, he/she must refrain from voting on the matters that, having a conflict of interest, he/she must vote on behalf of the shareholder. The Secretary of the Board of Directors is understood to be in a conflict of interest regarding the proposals for removing directors or for exercising corporate liability action made as items outside the agenda.

7. A proxy granted to a person who by law cannot act as such shall not be valid or effective.
8. A proxy may also be granted by remote electronic means of communication. For this purpose, the procedure envisaged in article 11.2 of these Regulations shall be used, to the extent not incompatible with the nature of a proxy. The identity of the shareholder will be shown subject to the same requirements as established in the aforesaid article 11.2, with the term established in article 11.3 of these Regulations also being applicable to valid receipt of the proxy. To identify the representative appointed by the shareholder, the identifying information required for such purposes must be entered in the electronic form.
9. Proxies are always revocable, and considered to be revoked by casting a remote vote or personal attendance at the Meeting by the represented shareholder.
10. The proxy can represent more than one shareholder and there is no limit to the number of represented shareholders. When a proxy represents several shareholders, he/she can cast different votes based on the instructions given by each shareholder.
11. In any case, the number of represented shares will be calculated for the meeting quorum.
12. The Board of Directors is empowered to implement the preceding provisions and establish the appropriate rules, means and procedures so that they can conform to the state of the art with the aim of granting the representation by electronic means, conforming, where applicable, to the rules issued for such purpose.

In particular, the Board of Directors may (i) regulate the use of guarantees of electronic signatures for the granting of proxies by electronic correspondence and (ii) reduce the advance term established above for receipt by the Company of proxies granted by post or email.

13. The Chairperson and the Secretary of the General Meeting shall have the broadest authority to accept the validity of the document or form of evidencing representation.

14. Likewise, the institutions which are legitimated as shareholders by virtue of the accounting record of the shares but act on behalf of several persons may, in any case, split the vote in opposing ways to comply with the different voting instructions if they receive them. In particular, the fractioning of the votes will be allowed to the depository of the shares issued by the Company within the framework of the American Depositary Share (ADS) programme represented by the American Depositary Receipts (ADRs).

The intermediaries referred to in the preceding paragraph may grant proxies to each of the indirect holders or the third parties designated by them, with no limitation on the number of proxies granted.

Article 9. Public proxy solicitation

1. The public proxy solicitation must be made, in any case, in accordance with the regulations applicable at any given time.
2. In addition to complying with the duties provided for that purpose by law, if a proxy is granted in response to a public solicitation and the represented shareholder has not given voting instructions, it will be understood that the proxy (i) refers to all the items on the General Meeting's agenda, (ii) requires a favourable vote on all resolutions proposed by the Board of Directors and (iii) also extends to such matters as may arise apart from the agenda, in respect of which the representative will vote in the sense deemed to be most appropriate to the interests of the shareholder. If the director is in a conflict of interest when voting on any of the proposals, whether or not on the agenda, the provisions of article 8.5 of these Regulations shall apply.

In any case, it is understood that directors are in a conflict of interest regarding the following resolutions:

- Their appointment, re-election or ratification as directors.
- Their removal, withdrawal or dismissal as directors.
- The exercise corporate liability action against them.
- The approval or ratification, where applicable, of Company transactions with the directors in question, companies controlled by them or which they represent or persons acting on their behalf.

Article 10. Voting by post or remote electronic means

Voting on proposals regarding the items on the agenda of any kind of General Meeting may be exercised by the shareholder by post or remote electronic means of communication, provided that the identity of the person exercising the voting right is duly guaranteed in accordance with the requirements established in article 11 of these Regulations.

Article 11. Formal requirements and terms for voting by post or remote electronic means

1. Voting by post:
 - a) To cast votes by post, shareholders must complete and sign a standard form to be provided by the Company for these purposes, which will include the information necessary to evidence status as a shareholder, the signature of the shareholder being required to be attested by a notary or acknowledged by a custodian participating in Iberclear or shown by other means considered to be sufficient by the Board of Directors. In the case of legal persons, the form must be accompanied by the corresponding document sufficiently showing the representative capacity in which the signatory acts.

- b) The form will be available on the Company's website from the date of publication of the General Meeting's announcement. Also, shareholders so wishing may, from the date of publication of the General Meeting's announcement, through the Shareholder Office, request that the aforesaid form be sent by post.
 - c) The shareholder must send the duly completed form to the Company, for processing and computation.

 - c) The shareholder must send the duly completed form to the Company, for processing and computation, by way of an electronic document that must include a recognised electronic signature, used by the shareholder, or another kind of electronic signature that the Board of Directors, based on the state of the art and the applicable regulations at any given time, has declared to be sufficient by prior resolution adopted for that purpose, because it has adequate guarantees of authenticity and identification of the shareholder exercising its voting right.
3. A vote cast by any of the means envisaged in sections 11.1 and 11.2 above must be in the possession of the Company, at its headquarters, at least 24 hours in advance of the time envisaged for holding the General Meeting at first call. Otherwise, the vote will be deemed not to have been cast. The Board of Directors may specify a shorter advance term in each General Meeting's announcement.
4. It is the shareholder that must, if applicable, show that the vote was received by the Company within the indicated term and it complied with all requirements established for that purpose.
5. A remote vote cast by a shareholder will result in prior proxies issued by the shareholder being deemed to be revoked, and those granted subsequently being taken as not having been granted. A vote cast remotely will be of no effect if the shares whose ownership gave the transferor voting rights are transferred, when that resulted in the appropriate registration in the book-entry register, at least five calendar days before the Meeting, if the new holder of the shares exercises its voting right.
6. The Board of Directors is empowered to implement the preceding provisions and establish the appropriate rules, means and procedures so that they can conform to the state of the art with the aim of casting the vote and granting the representation by electronic means, conforming, where applicable, to the rules issued for such purpose and the Bylaws.
- In particular, the Board of Directors may (i) regulate the use of alternative guarantees of electronic signatures for the casting of electronic votes and (ii) reduce the advance term established above for receipt by the Company of votes cast by post or email.
7. In any case, the Board of Directors shall adopt the specific measures to avoid duplicity and ensure that the parties casting a vote or delegating representation by post or electronic means are duly legitimised to do this in accordance with the provisions of the Bylaws and of these Regulations.
8. The procedural rules adopted by the Board of Directors by virtue of the provisions of this section will be published on the Company's website.

1. General Meetings will be held in the location where the Company has its registered office, in the place and on the date stated in the announcement. Sessions of the General Meeting may be postponed for one or more consecutive days at the proposal of the General Meeting Panel, or at the request of a number of shareholders representing at least one-quarter of the share capital present at the Meeting.
2. As an exception, if anything occurs that substantially changes the proper order of the General Meeting, or there are other extraordinary circumstances preventing normal conduct thereof, the Board Chairperson may order suspension thereof for such time as may be necessary to re-establish the conditions permitting its continuation. If such circumstances persist, the Meeting Panel will propose postponement of the General Meeting to the following day, as envisaged in the preceding paragraph.

Article 13. Security and logistics

1. To ensure security and order in the conduct of the General Meeting, surveillance and protection measures will be established, including systems for control of access and the measures required to guarantee security, good order and conduct of the meeting.

1. The General Meeting Panel shall comprise the Chairperson and the Secretary of the General Meeting, as well as any members of the Board of Directors who may be in attendance.
2. The General Meeting shall be chaired by the person, if any, determined by the Board of Directors. Article 15. Required presence of a notary public

1. The Board of Directors can require the presence of a Notary Public to issue the minutes of the General Meeting and shall be obligated to do this provided that, five calendar days before the date scheduled for the General Meeting, this is requested by shareholders representing at least 1% of the share capital.
2. When the Meeting is held without having required the presence of a Notary Public, references made thereto in these Regulations will be understood to be made to the Secretary of the Board.

Article 16. Attendance list

1. At least a half-hour in advance of the time established for the General Meeting, unless otherwise indicated in the announcement, the shareholders and representatives will be given access to the facilities at the indicated place, in order for the Meeting organisation services to verify the attendance cards and proxies and, where applicable, the documents evidencing them.
2. Shareholders or their representatives who arrive late, once the doors have been closed, may enter the hall if the Company so decides, but under no circumstances may they be included in the attendance list nor may they vote.
3. The attendance list will be drafted before the items on the agenda are discussed.
4. The Secretary of the General Meeting is responsible for drafting the attendance list, subject to the judgment of the Chairperson regarding the acknowledgement and admission of the shareholders to the General Meeting, as well as regarding admission of the votes cast by post and electronic means and the representation of shareholders.

To draft the list, the Meeting Secretary shall have the assistance of the Company's organisation services.

5. The attendance list shall be made available to the shareholders who request this at the start of the General Meeting.
6. The attendance list shall be attached to the minutes of the General Meeting, as an annex signed by the Secretary and countersigned by the Chairperson.
7. The attendance list can also be drawn up in a file or included in a computer file. In such cases, the means used shall be stated in the minutes themselves and the corresponding identification certificate signed by the Secretary and countersigned by the Chairperson shall be stated on the sealed cover of the file or computer file.

Article 17. Quorum

1. Both the Annual General Meeting and Extraordinary General Meeting shall be quorate at first call when the shareholders owning at least 25% of the subscribed voting share capital attend in person or by proxy. They shall be declared quorate at second call whatever the share capital in attendance.
2. At second call, it will suffice for 25% of the share capital to attend.

3. If the required share capital is not in attendance at first call, the Meeting shall be held at second call.
4. Shareholders who cast remote votes will be treated for the purpose of declaring the quorum of the General Meeting as being present; these Regulations shall be applicable as regards the requirements and guarantees imposed for their validity.
5. Before considering the agenda, the Secretary will report the number of shareholders in attendance, both in person and by proxy, the number of shares, the nominal amount of the share capital and the percentage thereof present in person and by proxy.

6. Once that information has been publicly disclosed, the Chairperson shall then declare the General Meeting to be quorate at first or second call, where applicable.
7. Shareholders present may state to the Notary Public, for due reflection in the minutes of the Meeting, any reservation or protest they may have regarding the quorum for the Meeting or the general details of the attendance list that has been read in public.

Article 18. Conduct of the General Meeting

1. After such reports and communications to the Meeting as the Chairperson deems to be appropriate, presentations of shareholders regarding matters on the agenda will begin.
2. Shareholders wishing to speak at the Meeting will identify themselves to the Notary Public or, at the Notary Public's indication, to the personnel assisting the notary, stating their full names, the number of shares they own and those they represent and the items on the agenda in respect of which they will speak. Shareholders who wish to propose resolutions not on the agenda, in accordance with the law, must do this when they speak. If they intend to request that their speech is drafted in the minutes of the Meeting, they must deliver it in writing, at that time, to the Notary Public, so that the Notary Public will be in a position to cross-check the shareholder's presentation with the written version when the presentation is made.
3. Once the Chairperson or Secretary has the list of shareholders wishing to participate, and before the voting on the items on the agenda, the presentations of shareholders will begin, with the shareholders appearing in the order in which they are called.
4. Considering the number of such requests and other circumstances, the Chairperson, exercising his/her power on how the Meeting is conducted, shall decide how much time to allocate to each speaker, each speaker being given the same amount of time.

The Chairperson has the right to allow shareholders to speak beyond their allotted time or cut their presentations short; to take such measures or decisions as may be necessary in order to maintain or re-establish order at the General Meeting when participants flout the rules or abuse or obstruct their rights; and, for the benefit of the General Meeting as a whole, even to ask unruly members to leave the premises and, if necessary, take the necessary steps to ensure that they do so.

Article 19. Request for information during the General Meeting

1. When it is their turn to speak, shareholders may verbally request such information or clarifications as they deem to be appropriate regarding the items on the agenda as well as the information available to the public that has been provided by the Company to the CNMV since the previous General Meeting, and regarding the audit report.
2. The directors will be required to provide the requested information, unless it is not available at the Meeting, in which case the directors will be required to provide the information in writing within seven days of the end of the Meeting, without prejudice to the provisions of the next section.
3. Information need not be delivered when it is not necessary for the protection of the rights of the shareholder, or there are objective reasons to believe that it could be used other than for corporate purposes, or its disclosure would harm the Company or related parties. The request for information may not be refused for this reason if it is supported by shareholders representing at least 25% of the share capital.

Also, when, prior to the request, the information requested is available in a clear, express and direct manner to all shareholders on the Company's website in question and answer format, the directors may limit their answer to referring to the information provided in that format.

4. The information or clarification requested of members of the Board will be provided by the Chairperson, by the Chief Executive Officer, by the Secretary or, upon the indication of the Chairperson, by a Director, by the Chairperson of the Audit and Compliance Committee or by any employee or expert in the subject matter.
5. The Chairperson will decide the order of answers to shareholders and whether they will be given after each presentation, or collectively after the last of the presentations. Shareholders have no right of reply, unless the Chairperson grants it based on the importance of the matter.

Article 20. Voting

1. Once all shareholder questions and comments have concluded and answers have been provided as envisaged in these Regulations, the shareholders will vote on the resolutions proposed on the items on the agenda, and such others as are not required by law to be included thereon.
2. The reading of the proposed resolutions by the Secretary of the Meeting may be dispensed with, summarised or provided in extracted form, at the discretion of the Chairperson, unless there is express opposition from the shareholders representing at least one percent of the share capital.
3. Full reading of proposals will however be necessary if the text thereof has not been made available to shareholders at least fifteen calendar days before the date set for holding the Meeting, under the terms set forth in these Regulations.
4. If any of the proposals made available or provided to the shareholders are modified by the Board of Directors, the aforesaid modification must be read before voting on the proposal.
5. The matters that are substantially independent must be voted on separately. In any event, the following must be voted on separately:
 - c) the appointment, ratification, re-election or separation of each director, and
 - d) the amendment to the Bylaws, to an article or to a group of articles that are independent of each other.
6. The voting on proposals will be made, as regards votes cast at the Meeting, in accordance with the following procedure:
 - a) When dealing with resolutions regarding items included in the agenda of the Meeting, irrespective of whether such resolutions have been proposed by the Board or not:

SEVEN

Remuneration of the Board of Directors.

7.1. Examination and approval, if appropriate, of a Medium-Term Incentive Plan for the period falling between 2018 and 2020, consisting of the award of Company shares linked to stock market value and to the performance of certain objectives, targeted at the Managing Director, Senior Managers and other Managers of Promotora de Informaciones, S.A. and, as the case may be, of the dependent companies, as well as to entrust the Board of Directors, including an express power of delegation, with the implementation, development, formalization and enforcement of the aforesaid compensation scheme.

To approve, in compliance with article 219 of the Corporate Enterprises Law and article 22.5 of the bylaws, the Medium-Term Incentive Plan for the period falling between 2018 and 2020 (the “**Plan**”), consisting of the award of Company shares linked to stock market value and to the performance of certain objectives, targeted at the Managing Director, Senior Managers and other Managers of Promotora de Informaciones, S.A. (“**PRISA**” or the “**Company**”) and, as the case may be, of the dependent companies (together with the parent company, referred to as the PRISA Group or the “**Group**”), as well as to entrust the Board of Directors, including an express power of delegation, with the implementation, development, formalization and enforcement of the aforesaid compensation scheme.

The Plan is approved in accordance with the following basic characteristics, to be stipulated in greater detail in the standard terms of the Plan of PRISA (“**Standard Terms**”) to be approved by the Board of Directors.

1. Objective and description of the Plan

The main objective of the Plan is to bring the interests of its beneficiaries into line with those of Company shareholders.

The Plan is a medium-term incentive consisting of the possibility for the beneficiaries to receive a certain number of common shares in the Company (the “**Shares**”), following a reference period of three (3) years, provided that certain predefined requirements are met (the “**Incentive**”).

If necessary or appropriate for statutory, regulatory or any other reasons, the mechanisms for the award of Shares may, in certain cases, be adapted, but without altering the maximum number of Shares linked to the Plan or the essential conditions on which their award depends. In particular, PRISA reserves the right to decide, should it deem this to be appropriate, to replace the award of Shares with the payment of a cash amount, in which case it would consider the Final Reference Value in similar terms to those defined in paragraph 4 below when determining the amount payable.

The details of the application and enforcement of the Plan will be regulated in the Standard Terms approved by the Company’s Board of Directors (the “**Board**”), at the proposal of the Nominations, Compensation and Corporate Governance Committee (the “**NCCGC**”).

2. Term of the Plan, dates and deadlines

Notwithstanding the settlement period in which the Shares to be awarded are calculated, the Plan will have a term of three (3) years: 2018, 2019 and 2020.

The shares are to be awarded, as the case may be, within sixty (60) calendar days after the date on which the Company's Board prepares the 2020 financial statements (the "**Award Date**").

3. Beneficiaries

The Plan is targeted at the persons who, given their position or level of responsibility in the Group, contribute decisively to the performance of the Company's objectives ("**Beneficiaries**"). In particular, the Board (at the proposal of the NCCGC for the Managing Director and Senior Managers, and at that of the Managing Director for all other Beneficiaries) may designate the following persons as Beneficiaries of the Plan:

- (i) the Managing Director,
- (ii) Senior Managers who are members of the management committee of PRISA, and
- (iii) other Managers of PRISA and, as the case may be, of its dependent companies.

For the purposes of the Plan, the PRISA Group (the "**Group**") is formed by the Company and its current and future subsidiaries (both Spanish and foreign) in which the Company directly or indirectly owns at least fifty (50) percent of the capital stock.

The Plan is targeted at a group of 20 Beneficiaries. The Company reserves the right to include new Beneficiaries during the term of the Plan in exceptional cases. The inclusion of new Beneficiaries will be conditional, in all cases, on the existence of sufficient Shares, having regard to the percentage of capital stock earmarked for the Plan approved by virtue of this resolution.

4. Assignment of restricted stock units, objective of the Plan and "shares to be awarded"

At the beginning of the Plan, the Company will assign a certain number of restricted stock units ("**Restricted Stock Units**" or "**RSUs**") to each Beneficiary, which will serve as a reference for determining the final number of Shares to be awarded.

The Company will calculate, at the beginning of the Plan, the average closing price of the PRISA share in the 30 trading sessions prior to the date on which the Company's Board, following approval of the Plan by the Shareholders' Meeting, approves the Plan's implementation ("**Initial Reference Value**" or "**IRV**").

The Company will also calculate the average closing price of the PRISA share in the 30 trading sessions following the date on which the Company publishes the 2020 results ("**Final Reference Value**" or "**FRV**"). The FRV will be determined having regard to distributions of dividends and other transactions carried out during the term of the Plan which may have served to dilute the capital, making the appropriate adjustments, calculated in euros per share.

A part of the Shares to be awarded at the end of the Plan will depend on the increase in the value of the Company's Shares determined as the difference between the FRV and the IRV. The final number of Shares to be awarded will depend on the increase in value of the Shares over and above a minimum level of increase, to be stipulated by the Board in the Standard Terms approved by the Board, at the proposal of NCCGC.

Another part of the Shares to be awarded will depend on the degree of performance of the EBITDA and Cash Flow objectives of the Group for the 2018-2020 period, on the basis of a scale that will be also determined in the mentioned Standard Terms.

The Board will specify, at the proposal of the NCCGC, the part of the Shares whose award will depend on the increase in the value and the part of the Shares whose award will depend on the performance of the EBITDA and Cash Flow objectives (and the correspondent weight in each of these objectives), as well as the related scales of value increase and the performance of objectives and the corresponding percentages of Shares to be awarded.

At the end of the Plan, having regard to the increase in the value of the Shares and to the performance of the EBITDA and Cash Flow objectives, the Board will stipulate the number of Shares to be awarded to the Beneficiaries. The award price of the Shares will be the closing price of the Share on the Award Date.

All of the foregoing is notwithstanding the possibility for the Board, at the proposal of the NCCGC, to stipulate different objectives in each case, in the interest of the Company and of its shareholders, should significant events occur or corporate transactions be carried out which, in the opinion of the Board, could have a significant impact on the Plan. Said events or transactions, as well as the stipulation of the Plan's objectives, its scales and weighting, will be duly reported in the Annual Directors' Compensation Report.

The Board may also establish an upper limit on the value increase of the Share value that will entail the early settlement of the Plan and the award of the related Shares to the Beneficiaries having regard to the FRV attained at that time and to the performance of the EBITDA and Cash Flow objectives on that date.

5. Stay requirements for the award of the Shares

In order to receive Shares, Beneficiaries must maintain their contractual relationship with the PRISA group throughout the term of the Plan and through the Award Date, save in certain cases of termination of their relationship not attributable to them (i.e., where they are "*good leavers*"), to be listed in the Standard Terms of the Plan to be approved by the Board.

6. "Malus" and "clawback" clauses

The Plan will include the related *malus* clauses, which will apply during the term of the Plan and during the period of time running between its termination and the actual award of the Shares, and *clawback* clauses, pursuant to which the Shares to be awarded may have to be reduced or returned in certain circumstances, in accordance with what is stipulated at any given time by the Board.

7. Restrictions on disposal

Beneficiaries may not carry out, directly or indirectly, hedging transactions on the value of the Shares they receive under the Plan, if any, until the Shares to which they are entitled are actually awarded.

The Company will award each Beneficiary the number of "net" Shares or the cash amount equivalent, i.e., the number of shares remaining after the shares necessary for withholding the related amounts of personal income tax or any other applicable tax have been sold.

The Board of Directors, at the proposal of the NCCGC, may stipulate that the Beneficiaries must continue to own all or part of the "net" Shares received under the Plan until a maximum of two

years have elapsed from the Award Date of the Shares. Once the periods stipulated by the Board for maintenance of the Shares have elapsed, the Shares may be disposed of by the Beneficiaries without restriction.

8. Limits on and origin of the Shares

The Plan provides for the award of a total of up to 11,200,000 shares (representing approximately 2% of the Company's capital), which can be increased by a percentage of up to 25% if levels above 66% of increase in Share value and above 100% of the EBITDA and Cash Flow objectives are attained, in which case the total number of Shares can be up to a maximum of 14,000,000 shares. From the total Shares assigned, a maximum of 20% will correspond to the Managing Director, that is, up to 2,800,000 Shares (0.5% of the Company's capital).

The Plan may be covered with treasury stock, with newly issued shares or through the Company's contracting of suitable financial coverage instruments.

PRISA reserves the right to decide, should it deem this to be appropriate, to replace the award of Shares with the payment of their value in cash, in which case in order to determine the amount payable it would apply the closing price of the share on the date of award of the Shares, and to settle the Plan early in the cases stipulated in this connection in the Standard Terms of the Plan.

9. Management of the Plan

The implementation, development, formalization and enforcement of the Plan requires the Shareholders' Meeting of the Company to empower the Board, including the express power of delegation to any of its members, to the Board Committees or to any other person expressly empowered by the Board for such purpose, so that it may adopt as many resolutions and execute as many public or private documents as are necessary or appropriate for the Plan to be fully effective, including the power to correct, rectify, amend or supplement this resolution and, in particular, without limitation:

- a) to designate the Beneficiaries of the Plan and to determine the rights granted to each one of them, as well as to develop and stipulate the specific conditions of the award of Company Shares, where not stipulated in the resolution submitted to the Shareholders' Meeting of the Company for approval, establishing, inter alia and without limitation, the corporate perimeter of the Plan's application, the requirements to be met by Beneficiaries in order to receive the Shares, the procedure for awarding the Shares, the cases that give rise to the early settlement of the Plan or the extinguishment of the rights attributed to the Beneficiaries, if any, as well as the set of rules that is to govern the Plan;
- b) where the legal rules applicable to some of the Beneficiaries or to certain Group companies make it obligatory or advisable, or where necessary or advisable for statutory, regulatory, operational or other analogous reasons, to adapt the basic terms indicated above, in general or in particular, including, without limitation, the possibility of adapting the mechanisms used to award the Shares, but without altering the maximum number of Shares linked to the Plan, and to provide for and enforce the total or partial settlement of the Plan in cash;
- c) to decide not to enforce the Plan, or to render it void, in whole or in part, as well as to exclude certain groups of potential Beneficiaries or Group companies, where the circumstances make this advisable;

- d) to draft, sign and serve as many notices, public or private documents and supplementary documentation as is necessary or appropriate, on any public or private body, for the purpose of implementing, enforcing or settling the Plan, including if necessary, the related prior notices and fact sheets;
- e) to take any action, make any statement or take any step at any body, entity or public or private registry, whether national or foreign, aimed at obtaining the authorizations or verifications necessary for implementing, enforcing or settling the Plan and awarding the Company Shares;
- f) to negotiate, stipulate and execute as many agreements of any type with such financial institutions or other entities as are freely designated by the Company's Board, on such terms and conditions as it deems suitable or as are necessary or advisable for the optimum implementation, enforcement or settlement of the Plan, including, where necessary or appropriate given the legal regime applicable to certain Beneficiaries of the Group or to certain Group companies, or where necessary or appropriate for statutory, regulatory, operational or other analogous reasons, the establishment of any legal instrument (including trusts or other analogous instruments) or the reaching of agreements with any type of entity for the deposit, safekeeping, holding and/or management of the Shares and/or their subsequent award to the Beneficiaries under the Plan;
- g) to draft and serve as many notices as are necessary or appropriate in the context of the Plan;
- h) to draft, sign, execute and, if appropriate, certify any type of document related to the Plan;
- i) to bring the contents of the Plan into line with any corporate circumstances and transactions arising during its term, on such terms and conditions as it deems necessary or appropriate at any given time, with a view to upholding the purpose of the Plan, including the related adjustments to the award of Shares as a result of changes in the par value of the Shares, changes in the structure of the Company's capital or other corporate transactions; and
- j) in general, to take as many actions, make as many decisions and execute as many documents as are necessary or merely appropriate for the validity, effectiveness, implementation, development, enforcement, settlement and success of the Plan and of the resolutions adopted previously.

7.2. Review and approval, where appropriate of the directors remuneration policy applicable to the financial years ending on 31 December 2018, 2019 and 2020, and revocation of the remuneration policy 2017-2019.

Revocation, in the unused part, of the resolution delegating authority for issuance of convertible and/or exchangeable bonds adopted by the General Meeting of shareholders of 20 April 2015, under point eight of the agenda therefor.

I) To revoke in the unused part the resolution passed under the point eight of the agenda for the Extraordinary General Meeting of shareholders of 20 April 2015, regarding delegation of authority to issue convertible and/or exchangeable bonds, as well as warrants and other analogous securities.

II) To delegate to the Board of Directors of Promotora de Informaciones, S.A. 1. Securities covered by the issue. The securities to which this delegation applies may be debentures, bonds and other fixed-income securities of a comparable kind, convertible into newly-issued shares of the Company and/or exchangeable for outstanding shares of the Company. This delegation also may be used to issue bonds exchangeable for outstanding shares of other companies, whether or not members of the Prisa Group (the "Group"), for the issue of warrants or any other analogous securities that entitles directly or indirectly to subscribe shares of the Company or to acquire shares of the Company or shares of another company, whether or not a member of the Group, to be settled by physical delivery of the shares or, if applicable, in cash for differences, which, eventually, may be linked to or otherwise related to each issue of debentures, bonds and other fixed income securities of an analogous nature made under this delegation or to other loans or financing documents through which the Company acknowledges or creates a debt. The delegation also may be used to issue promissory notes or preferred shares.
2. Term. The issue of the securities may be made on one or more occasions, at any time, within the maximum term of five (5) years after the date of adoption of this resolution.
3. Maximum amount. The total maximum aggregated amount of the issue or issues of securities resolved under this delegation will be two billion euros (€1,000,000,000) or its equivalent in another currency.

For purposes of calculation of the aforesaid maximum, in the case of warrants the sum of premiums and exercise prices of the warrants of each issue approved under this delegation will be taken into account. In turn, in the case of promissory notes the outstanding balance of the notes issued under the delegation will be taken into account for purposes of the aforesaid limit.

4. Scope of the delegation. In use of the delegation of authority here resolved, and merely by way of illustration, not limitation, the Board of Directors will have authority, in respect of each issue, to determine the amount, always within the stated overall quantitative limit; the place of issue (in Spain or abroad) and the currency, local or foreign, and if it is foreign, its equivalent in euros; the denomination, whether bonds or debentures (including subordinated debentures), warrants (which in turn may be settled by physical delivery of shares or, if applicable, in cash for differences), promissory notes, preferred shares or any others permitted by law; the issue date or dates; the circumstance of being voluntarily or compulsory convertible and/or exchangeable, whether contingent, and, if so voluntarily, at the option of the holder of the securities or the issuer; when the securities are not convertible, the possibility of being wholly or partially exchangeable into shares of the Company or shares of another company, whether or not a member of the Group, outstanding or newly issued; the number of securities and their face value, which in the case of convertible and/or exchangeable securities may not be less than the par value of the shares; the interest rate, dates and procedures for payment of coupons; their perpetual or amortisable nature and in the latter case the term for repayment and maturity date; the instalment rate, premium and lots, the guarantees; the manner of representation, by way of certificates or book entries; the exercise or exclusion of the pre-emption rights, if any, and the subscription scheme; the antidilution clauses; the rules of priority and, if applicable, the subordination; the applicable law; to request, if applicable, admission for trading on official or unofficial secondary markets, whether or not organised, domestic or foreign, of the securities issued, satisfying the requirements in each case imposed by applicable regulations, and, in general, any other term of the issue (including subsequent amendment thereof), as well as, if applicable, to appoint the Commissioner and approve the basic rules that are to govern legal relationships between the Company and the Syndicate of holders of the securities that are issued, if it is necessary or is decided to form such a Syndicate. Regarding each specific issue made under this delegation, the Board of Directors may determine all matters not contemplated in this resolution.

The delegation also includes the grant to the Board of Directors of the power to decide, in each case, on the conditions for repayment of the securities issued under this authorization, which may be used, to the extent applicable, to the collection means referred to in Article 430 of the Capital Companies Act or any other that may apply. Likewise, the Board of Directors is authorized to, when appropriate, and subject to obtaining the necessary official authorizations and, where appropriate, the conformity of the corresponding assemblies or representative bodies of the securities' holders, modify the conditions for repayment of the securities issued and the maturity thereof and their interest rate, if any.

5. Bases for and forms of conversion and/or exchange. In the case of issue of convertible and/or exchangeable debentures or bonds, for purposes of determination of the bases for and forms of the conversion and/or exchange, it is resolved to establish the following criteria:
- (i) The securities issued under this resolution may be convertible into new shares of Prisa and/or exchangeable for outstanding shares of the Company, any of the companies in the Group or any other company, at a fixed determined or determinable conversion and/or exchange ratio, the Board of Directors being

authorised to determine whether they are convertible and/or exchangeable, and to determine whether they are mandatorily or voluntarily convertible and/or exchangeable, and if they are voluntarily so, whether they are so at the option of the holder or the issuer, with the regularity and over the term established in the issue resolution, which may not exceed fifteen (15) years after the date of the issue.

- (ii) The board also may, for cases in which the issue is convertible and exchangeable, establish that the issuer reserves the right at any time to deliver new shares or outstanding shares, specifying the nature of the shares to be delivered at the time of making the conversion or exchange, being entitled even to choose to deliver a combination of newly issued shares and pre-existing shares or an equivalent cash amount. In any event, the issuer must respect the principle of equal treatment among all fixed income securities holders who convert and/or exchange their securities on the same date.
- (iii) For purposes of the conversion and/or exchange, the fixed income securities will be valued at their face amount, and shares at the price determined in the Board of Directors resolution making use of this delegation, or at the determinable price on the date or dates indicated in the Board resolution, based on the stock market price of the shares of Prisa on the date or dates or for the period or periods taken as the reference in that resolution, with or without a premium or discount by reference to that price, and in any event with a minimum of the greater of (a) the average of the weighted average price of a share of Prisa on the Continuous Market of the Spanish exchanges over a period to be determined by the Board of Directors, not greater than three months or less than fifteen calendar days prior to the date of adoption of the Board's resolution to issue the fixed income securities, and (b) the closing price of the share of Prisa on that Continuous Market on the trading day prior to adoption of the aforesaid issue resolution. The Board may determine that the valuation of the shares for purposes of conversion and/or exchange may be different for each conversion and/or exchange date. In the case of exchange for shares of another company (whether or not in the Group), to the extent required, and with the adaptations, if any, that are necessary, the same rules will be applied, although by reference to the share price of that company on the corresponding market.
- (iv) The Board may, in the event of a convertible and exchangeable securities issue, decide that the issuer reserves the right to choose, at any time, between conversion into new shares or exchange for outstanding shares, specifying the nature of the shares to be delivered at the time of the conversion or exchange, and may choose to deliver a combination of newly issued shares and outstanding shares. In any case, the issuer must ensure equal treatment for all holders of debt securities that are converted and/or exchanged on the same date.
- (v) At the time of the conversion and/or exchange, the fractions of shares payable to the holders of securities will by default be rounded down to the nearest whole number. The Board may decide whether each holder will receive any resulting difference in cash.
- (vi) Under no circumstances may the value of the share used to calculate the conversion of securities into shares be lower than its par value. As provided in article 415(2) of the Capital Companies Act, debentures may not be converted into

shares when the face value of the former is less than the par value of the latter. Nor may convertible debentures be issued for an amount less than their face value.

At the time of approval of an issue of convertible debentures under the authorisation granted by the Meeting, the Board of Directors will issue an administrators report explaining and specifying, based on the aforesaid criteria, the bases for and manner of conversion specifically applicable to the indicated issue. This report will be accompanied by the corresponding report of the auditors referred to in article 414(2) of the Capital Companies Act.

6. Bases for and forms of exercise of warrants. In the case of issues of warrants convertible into and/or exchangeable for shares, to which the provisions of the Capital Companies Act for convertible debentures will be applied by analogy, for purposes of determination of the bases for and forms of their exercise it is resolved to establish the following criteria:

- (i) The warrants issued under this resolution may give the right to subscribe new shares issued by the Company, or acquire outstanding shares of Prisa or another company, whether or not a member of the Group, or a combination of any of the foregoing. In any event, the Company may reserve the right to choose, at the time of exercise of the warrants, to deliver newly-issued shares, outstanding shares or a combination of the two, or to proceed by way of cash settlement for differences.
- (ii) The term for exercise of the warrants will be determined by the Board of Directors, and may not exceed fifteen (15) years from the issue date.
- (iii) The exercise price of the warrants may be fixed or variable based on the date or dates or period or periods taken as a reference. Thus, the price will be determined by the Board of Directors at the time of issue, or determinable at a later time in accordance with the criteria established in the resolution. In any event, the share price to be taken into account may not be of less than the greater of (i) the average of the weighted average price of the share of the Company on the Continuous Market of the Spanish exchanges over a term to be determined by the Board of Directors, not greater than three months or less than fifteen calendar days prior to the date of adoption of the issue resolution by the Board, and (ii) the closing price of the Company's share on that Continuous Market on the trading day prior to adoption of the aforesaid issue resolution. In the case of a purchase option on outstanding shares of another company (whether or not in the Group), to the extent required, and with the adaptations, if any, that are necessary, the same rules will be applied, although by reference to the share price of that company on the corresponding market.
- (iv) When the warrants are issued with straight or at par exchange ratios (that is, one share for each warrant) the sum of the premium or premiums paid for each warrant and the exercise price thereof in no case may be less than the value of the underlying share as determined in accordance with the provisions of section (iii) above, or its par value.

When the warrants are issued with multiple exchange ratios (that is, other than one share for each warrant), the sum of the premium or premiums paid for all warrants issued and their aggregate exercise price in no case may be less than the result of multiplying the number of shares underlying all of the warrants issued by the value of the underlying share calculated in accordance with the provisions of section (iii) above, or their aggregate par value at the time of the issue.

At the time of approving an issue of warrants under this authorisation, the Board of Directors will issue a report explaining and specifying, based on the criteria described in the foregoing sections, the bases for and forms of exercise specifically applicable to the indicated issue. This report will be accompanied by the corresponding auditor's report contemplated in article 414(2) of the Capital Companies Act.

7. Rights of holders of convertible securities. To the extent it is possible to convert and/or exchange such fixed income securities as may be issued into or for shares, or to exercise the warrants, their holders will have such rights as may be given to them by applicable legislation and especially, where appropriate, those relating to preferential subscription rights (in case of convertible bonds or warrants on newly-issued shares) and anti-dilution clause in legal cases, without prejudice to what is stated in paragraph 8 (i) below.
8. Capital increase and exclusion of pre-emption rights for convertible securities. The delegation to the Board of Directors also includes, by way of illustration and not limitation, the following authority:
 - (i) The authority of the Board of Directors, under the provisions of article 417 and 511 of the Capital Companies Act, to exclude, in whole or in part, and up to a maximum of 20% of the Company's share capital, counting from the adoption of this resolution by the General Shareholders' Meeting the pre-emption right of the shareholders and holders of convertible debentures and, if applicable, warrants on newly-issued shares when, in the context of a specific issue of convertible debentures or warrants on newly-issued shares, that is required in order to attract funds on the international markets, to use techniques for testing demand, to incorporate industrial or financial investors that may facilitate creation of value and achievement of the strategic objectives of the Group, or is in any other way in the Company's interest. In any event, if the Board resolves to eliminate pre-emption rights on a specific issue of convertible debentures or warrants it eventually decides to carry out under this authorisation, it will, at the time it approves the issue and pursuant to applicable legislation, issue a report detailing the specific reasons in the corporate interest that justify said measure, which will be the subject of the related report of the auditor referred to in articles 41(2) and 511(3) of the Capital Companies Act. The aforesaid reports will be made available to the shareholders and holders of convertible debentures and warrants on newly-issued shares, and reported to the first General Meeting held after the issue resolution.
 - (ii) The authority to increase capital by the amount necessary to cover applications for conversion or exercise of warrants on newly-issued shares. The aforesaid authority may only be exercised to the extent that the Board, adding the capital increase to cover the issue of convertible debentures or exercise of warrants and other capital increases resolved under the authorisations granted by the Meeting, does not exceed the maximum of one half of capital contemplated in article 297(1)(b) of the Capital Companies Act. This authorisation to increase capital includes authorisation to issue and circulate, on one or more occasions, the shares representative thereof that are necessary to effectuate the conversion or exercise of the warrant, and authorisation to redraft the article of the Articles of Association related to capital and, if applicable, cancel the part of the capital increase that proves not to be necessary for conversion into shares or exercise of the warrant.

- (iii) The authority to develop and specify the bases for and forms of conversion and/or exchange, taking account of the criteria established in sections 5 and 6 above including, inter alia, fixing the time for the conversion and/or exchange or exercise of the warrants and, in general and in the broadest terms, determination of such matters and conditions as are necessary or appropriate for the issue.

The Board of Directors, at the successive General Meetings held by the Company, will report to the shareholders on such use as it may have made up to that time of the delegations referred to in this resolution.

9. Admission to trading. The Company, when appropriate, will apply for admission to trading on official or unofficial secondary markets, organised or not, domestic or foreign, of the debentures, bonds, preferred shares, warrants and any other securities issued under this delegation, authorising the Board to take such steps and actions as may be necessary for admission to trading before the competent bodies of the various domestic and foreign securities markets.
10. Guarantee of fixed income security issues. The Board of Directors also is authorised, for a term of five years, for and on behalf of the Company and within the limit indicated above, to guarantee fixed income securities, if applicable convertible and/or exchangeable, including warrants, as well as notes and preferred shares issued by companies in the Group.
11. Subdelegation: The Board of Directors is authorised to delegate the delegable authority received pursuant to this resolution to the Chairman, the Chief Executive Officer or the Secretary of the Board.
