In addition to figures prepared in accordance with IFRS, PRISA presents non-GAAP financial performance measures, e.g., EBITDA, EBITDA margin, adjusted EBITDA, adjusted EBITDA margin, adjusted EBIT, adjusted net profit, free cash flow, gross debt and net debt, among others. These non-GAAP measures should be considered in addition to, but not as a substitute for, the information prepared in accordance with IFRS. Non-GAAP financial performance measures are not subject to IFRS or any other generally accepted accounting principles. For further information relevant to the interpretation of these terms, please refer to the “Reconciliation Section” of the 2012 earnings press release filed with the Securities and Exchange Commission and posted on prisa.com.

This document may contain “forward-looking statements” as defined in Section 27A of the Securities Act and Section 21E of the Exchange Act, including statements about the financial conditions, results of operations, earnings outlook and prospects of the Company. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements.

Forward-looking statements are based on management’s current expectations and are inherently subject to uncertainties and changes in circumstance and their potential effects and each speaks only as of the date of such statement. There can be no assurance that future developments will be those that have been anticipated.

These forward-looking statements are typically identified by words such as “plan,” “believe,” “expect,” “anticipate,” “intend,” “outlook,” “estimate,” “forecast,” “project,” “continue,” “could,” “may,” “might,” “possible,” “potential,” “predict,” “should,” “would” and other similar words and expressions, but the absence of these words does not mean that a statement is not forward-looking. These forward-looking statements involve a number of risks, uncertainties or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described in our filings with the Securities and Exchange Commission under “Risk Factors”.

Refinancing Process

Process update

STEP 1: Initial proposal agreed with 72.9% of total debt (Jun 14th)
- Additional liquidity line of €80m

STEP 2: Complementary agreement with institutional investors (Oct 10th) taking support to 84% of total debt (institutional investors 11% & financing banks 73%) and including:
- Additional credit facility of €353m to cover for medium term financing needs of the Group
- Issue of warrants representing 17% of Prisa’s fully diluted shares outstanding
- Lock-up agreement by institutional investors

STEP 3: Documentation launched to rest of Banks and extraordinary AGM called for December 10th (Nov 8th) to
- Finalize refinancing process
- Approve issue of warrants

Refinancing highlights

- Extension of maturities ranging between 5 and 6 years
- Average Interest rates of Euribor+342bps (including new money but excluding warrants) with a significant amount PIK
- 3 years time for the sale of non strategic assets
- New money facility of €353 million
- Ability to conduct debt buy-backs
- Change of voting thresholds from unanimity to majority
Conclusions

1. Advertising trends in Spain & Portugal are showing gradual improvements throughout 2013.
   - We expect the improving trends to continue in 4Q 2013

2. Strong revenue performance in Latam +9.9% at constant currency, but negative FX impact.
   - We expect similar trends for the rest of the year

3. Positive subscriber evolution in 3Q, but still below required level to compensate for the increase in football costs.
   - 4Q 2013 cost comparability normalized vs 2012

4. Continued effort in cost control.
   - More actions to come

5. Refinancing process expected to conclude by December.
