Distribution of the minimum annual dividend on the Class B shares for the 2013 financial year and the pro rata part of that dividend accruing during 2014 up to the time of the mandatory conversion of the Class B shares. Approval of the capital increase by a charge against the issue premium reserve of the Class B shares that is necessary to meet the payment of the minimum annual dividend on the Class B shares in Class A shares for the 2013 financial year and the pro rata part of that dividend accruing during 2014 up to the time of the mandatory conversion of the Class B shares into Class A shares. Request for the listing of the ordinary Class A shares issued by means of the execution of the said capital increase on the Madrid, Barcelona, Bilbao and Valencia stock exchanges. Delegation to the Board of Directors of the necessary powers to execute the capital increase.

1. Payment of the minimum annual dividend on the Class B shares for the 2013 financial year and the pro rata part of that dividend accruing during 2014 up to the time of the mandatory conversion of the Class B shares into common Class A shares.

In accordance with the provisions of article 6.2 (a) of the Bylaws, it is resolved to meet, by the delivery of newly-issued Class A Shares, the preferential minimum annual dividend on the Class B shares for the 2013 financial year and the pro rata part of that dividend accruing during 2014 up to the time of the mandatory conversion of the Class B shares, which will take place, in accordance with the provisions of article 6.2 (b) of the Bylaws, after forty-two (42) months from their issue date, for a total amount of 7,735,026.20 euros, by the delivery of 77,350,262 newly-issued Class A Shares.

The said amount, calculated on the basis that all the Class B shares in circulation at the date of issue of this proposed resolution by the Board of Directors participate in the mandatory conversion and that the value of the accrued dividend per share in the reference period is 0.175 euros, in accordance with article 6.2 (a) of the Bylaws, will be automatically reduced by reference to the Class B shares that voluntarily participate in the conversion to Class A shares before the end of said period of forty-two (42) months from their issue date.

2. Capital increase for the payment of the minimum annual dividend

In order to meet the payment of the minimum annual dividend on the Class B shares for the 2013 financial year and the pro rata part of that dividend accruing during 2014 up to the time of the mandatory conversion of the Class B shares by means of the delivery of newly-issued Class A shares, in accordance with the provisions of the Bylaws and given that there are no distributable profits in the aforementioned 2013 financial year, it is resolved to increase the Company's capital by a charge against the issue premium reserve of the Class B shares in the sum of 7,735,026.20 euros.

As a result of the said increase, 77,350,262 common Class A shares will be issued and will be allocated to the owners of the Class B shares in accordance with the formula set out in article 6.2 (a) of the Bylaws, pursuant to which each Class B shareholder has the right to be allocated the ordinary Class A shares that result from dividing the product of

(Free translation from the original in Spanish language)

the number of Class B shares owned by it multiplied by 0.175 euros by 1, which is the value in euros attributed to the ordinary Class A shares by the Bylaws.

Express provision is made for the partial execution of this capital increase in the event of the voluntary conversion of the Class B shares prior to the date for payment of the aforementioned minimum annual dividend.

3. Adjustment of capital increases by rounding

In the case of capital increases contemplated in section 2, the number of Class A shares to be issued will be rounded downward and, therefore, fractional Class A shares will not be issued or allocated. As a result, a Class B shareholder entitled to receive a fraction of a Class A share for that fractional interest will receive only cash compensation equivalent to the dividend corresponding to it in accordance with the calculation formula set forth in the Bylaws. Therefore, it is possible that, even if the Company decides to pay all of the annual minimum dividend for the 2013 financial year or the dividend accrued thereafter by reason of mandatory conversion into Class A shares, by reason of rounding a part of the minimum dividend do not consist of Class A shares, but rather of cash. In this case the amounts of the increases corresponding to the annual dividend and dividend accrued by reason of mandatory conversion automatically will be reduced to the extent resulting from the effect of the aforesaid rounding in accordance with the calculation formula set forth in the Bylaws.

4. Balance sheet and reserve against which both increases are made

The balance sheet serving as the basis for the capital increase to be used to cover payment of both the minimum annual dividend on Class B shares for the 2013 financial year and the dividend accrued thereafter by reason of mandatory conversion is the balance sheet at 31 December 2013, which has been audited by Deloitte, S.L. on March 19, 2014, and submitted for approval of the Ordinary General Meeting of shareholders under the first point of the Agenda.

The par value of the shares involved in the issue will be paid by application of the corresponding amount of the positive balance of the issue premium created upon issue of the non-voting convertible Class B shares, established as a reserve restricted except for purposes of payment of minimum dividend and covering payment of the par value of Class A common shares in excess of the number of non-voting Class B shares that are converted on the mandatory conversion date if the conversion rate is other than 1 to 1, as established in the Bylaws.

5. Rights of new Class A shares

The new Class A shares issued by virtue of the capital increase contemplated in the preceding section 2 will be Class A common shares with a par value of ten cents (0.10) on the euro each, of the same class and series as the Class A common shares currently outstanding, registered in book-entry form with Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U. (Iberclear) and its Affiliated Participants. The new Class A shares will confer to their holders the same voting and economic rights as the Company's common shares currently outstanding, from the date the capital increases are declared to have been subscribed and paid up.

(Free translation from the original in Spanish language)

Each of the public deeds documenting the issue of the new Class A shares having been executed, it will be registered in the Madrid Commercial Registry and the deed will be delivered to the National Securities Market Commission (CNMV), the corresponding stock exchange markets and Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U. (Iberclear). The latter will enter the issued shares in its central registry. The Affiliated Participants will make the corresponding book entries in favour of the owners of the allocated shares, after which time the owners may request the certificates showing ownership of the issued shares from the Affiliated Participants.

6. Admission to trading of the new Class A shares

It is resolved to request admission to trading of the new Class A shares issued by virtue of this capital increases resolution on the Madrid, Barcelona, Bilbao and Valencia stock exchange markets, through the Exchange Interconnection (Continuous Market) System, and to take such steps and actions as may be necessary and present such documents as may be required by the competent authorities for admission to trading of the newly-issued Class A shares corresponding to the resolved capital increases, it being expressly noted that the Company is subject to such rules as may exist or be issued regarding stock exchange markets and, in particular, regarding listing, maintenance of listing and delisting.

It is expressly noted that, if delisting of the Company's shares subsequently is requested, it will be adopted with the same formalities that are applicable and, in that case, the interests of shareholders opposing or not voting on the delisting resolution will be guaranteed.

If it deems it to be appropriate, the Board of Directors is authorised to request admission to trading of the Class A shares issued by virtue of this resolution on the New York Stock Exchange, by way of issue of the appropriate "American Depositary Shares" or on any other foreign secondary markets it deems to be appropriate.

In compliance with the provisions of sections 1 and 3 of article 35 bis of Securities Market Act 24/1988 of 28 July 1988, the Company, by means of the corresponding material disclosure to the CNMV, will make all documentation related to the transaction available to the public, including the corporate resolutions, the report of the administrators and the auditor's report.

7. Delegation of authority to implement capital increase resolutions

It is resolved to authorise the Board of Directors, under the provisions of article 297(1)(a) of the Capital Companies Act, as broadly as required by law, with express authority to delegate to its Delegated Committee, President of the Board of Directors or Chief Executive Officer so that, on a non-exhaustive basis, rather merely by way of illustration and not limitation, it may:

- (ii) To declare the corresponding capital increase to have been closed and implemented.
- (iii) To redraft section 1 of article 6 of the Bylaws related to capital to adjust it to the new amount of share capital that results of implementation of the capital increase.

EIGHT

Approval of the delivery of shares of the Company as compensation for members of the Board of Directors and executive staff.

Under article 219 of the Capital Companies Act and article 19 of the Articles of Association, and within the framework of the Company's compensation policy, it is resolved to authorise a delivery of shares of the Company to directors of the Company and a specific group of executives of the Prisa Group, for a term of five years following adoption of this resolution, without the need to hold a meeting or for the General Meeting to subsequently adopt a further resolution, in the terms described below.

1. General description

By virtue of this authorisation, the Company may deliver a certain number of shares to directors of the Company and a specific group of Executives of the Prisa Group (the "Participants"), as determined by the Board of Directors, further to a proposal from the Appointments and Remuneration Committee.

For these purposes "Participants" may be individuals in any of the following categories: directors of the Company (executives and non executives), general managers, resource managers, managers of departments and/or business units and other managers in the Company or its group comparable to the foregoing (the "Executives"), who meet the conditions established by the Board of Directors, on proposal of the Appointments and Remuneration Committee.

The number of shares that may correspond to each Participant will be determined by the Board of Directors on proposal of the Appointments and Remuneration Committee, based on their responsibilities within the management bodies of the Company or any of the companies in its group or their management functions and responsibilities.

In particular and without limitation, this authorisation may be used to settle the following remuneration items, in shares:

- Fixed annual remuneration for participation in the Board of Directors, paid to each external (non-executive) director of the Company, at their choice, entirely in cash or 60% in cash and 40% in PRISA shares. Should the director choose to be partly paid in PRISA shares, these will be handed over each quarter, taking as a reference the average closing price of the shares on the Continuous Market during the thirty trading days immediately prior to the last day of each calendar quarter, this inclusive, and is considered as the date of delivery the first business day of each quarter.
- Variable annual remuneration (annual bonus) to the Company's executive directors and Executives of the Prisa Group, when it is agreed that such remuneration be paid in whole or in part with PRISA shares, taking as a reference the average closing price of the shares on the Continuous Market during the thirty trading days immediately prior to the last day of each calendar year, this inclusive.

(Free translation from the original in Spanish language)

- Long-term variable remuneration (long-term incentive) to the Company's executive directors and Executives of the Prisa Group, if it is agreed that such remuneration be paid in whole or in part with PRISA shares, expressly including to this effect the long-term incentives plan referred to in the resolution gathered in point nine below of the Meeting Agenda, taking as reference the value specifically set out in paragraph 4 thereof. The delivery of shares to the executive chairman, in respect of multi-year variable remuneration, will be performed by reference to a value of € 0.50 per share with a maximum total of two million shares.

In no case will the total number of deliverable shares annually exceed 1.5% of the capital stock at all times. For clarification purposes only, said percentage limit will be deemed to include the maximum number of shares deliverable further to the long-term incentives plan referred to in the resolution gathered in point nine below of the Meeting Agenda.

2. Authorisation to Board of Directors

The Company's Board of Directors is hereby empowered so that, with the widest scope that may be necessary in law and with express powers of replacement in favour of the Delegate Commission, Chairman of the Board of Directors, CEO and Appointments and Remuneration Committee, it may apply, implement and enforce this resolution. As a mere example without limitation, the Board of Directors will be expressly entitled to make any necessary changes to enable delivery of the shares, establishing anti-dilution rules to enable an adjustment in this share delivery system, in order to maintain the share value if the capital stock figure should change, and to adopt the necessary resolutions to meet the obligations derived from the share delivery system, in the most appropriate manner for the Company's interests.

3. Coverage

Any deliverable shares to Participants, subject to prior compliance with the necessary legal requirements, may consist of Prisa shares held in the treasury stock, purchased or eventually acquired both by the Company and any other member of the Prisa Group, or shares generating from any other financial instrument determined by the Company.

NINE

Approval of the Company's long-term incentives plan.

Pursuant to article 219 of the Capital Companies Act and article 19 of the Articles of Association and other applicable legislation, and further to the remuneration policy applied by Promotora de Informaciones, S.A. (the "Company" or "Prisa") and the company group controlled by Prisa (the "Prisa Group" or the "Group"), to the extent that the remuneration system may include a delivery of Prisa shares to executive directors, the following long-term incentives plan (the "Plan") is hereby approved, in the basic terms established below, proposed by the Board of Directors subject to a prior favourable report issued by the Appointments and Remuneration Committee and the approval by the Board of Directors.

As during the year 2013 the Board of Directors of the Company has not used the authorization granted to it by the resolution adopted at the Shareholders' Meeting held on June 22, 2013 under the eleventh item of its agenda to implement the ILP 2013-2015, this Plan replaces and supersedes the aforementioned ILP 2013-2015.

1. General Description of the Plan

In order to align the interests of the executive team of the Prisa Group with those of its shareholders, by virtue of this Plan the Company may hand over, to a specific group of Company executive directors and key managers in the Group (the "Participants"), a certain number of ordinary Class A Company shares and a certain amount in cash, depending on their level of responsibility and contribution to the Group's results, as variable remuneration linked to the achievement of long-term objectives.

The Board of Directors, further to a proposal from the Appointments and Remuneration Committee, will establish the business objectives that are linked to the results obtained by the Group and its business units, used as a base to calculate the number of shares and cash amounts to which each Participant will eventually be entitled. These objectives will be specifically determined in writing, once the Meeting has authorised the Plan and its approval and implementation are agreed by the Board of Directors; the extent to which the Plan is fulfilled will be assessed by the Board once the annual statements related to the financial year of completion of the Plan have been closed and approved.

2. Participants

The Board of Directors, further to a proposal from the Appointments and Remuneration Committee, may offer participation in the Plan to a certain number of executive directors and managers of the Prisa Group, whose professional activities have a significant effect on value creation in their respective business unit.

To this effect, any members of Prisa Group's executive team may be elected Participants, including executive directors, members of the Management Committee and managers belonging to any of the following categories: General Managers, Resources Managers, Managers of Areas and/or Business Units and other equivalent managers of the Company or its Group (the "Managers"), who, meeting the conditions established

by the Board of Directors as proposed by the Appointments and Remuneration Committee, are invited to participate in the Plan.

The maximum amount of Plan Participants is expected to total 120 persons, without prejudice to any possible new additions or outgoing Participants whilst the Plan is in force.

3. Term

The Plan will remain in force for a total of three years, between 1 January 2014 and 31 December 2016.

Settlement of the Plan, payment in cash and delivery of the shares will be calculated during the 2017 financial year, in the terms and conditions established by the Board of Directors, further to a proposal from the Appointments and Remuneration Committee. The Board will determine the specific date for delivery of the shares and the payment in cash.

4. Amount and maximum number of shares

If the requirements and conditions of the Plan are fully met, at the highest level of compliance, the maximum amount used for coverage of the same, including the cash amount and valuation of the maximum number of shares deliverable to the Participants, is estimated at twenty-three million Euros (23,000,000€).

The maximum number of shares which, further to the Plan, will be deliverable to Participants, will be the result of dividing, at most, 30% of said amount by the average closing price of the listed shares on the Continuous Market during thirty business days immediately prior to approval of this proposal of agreement by the Board of Directors. The total number of deliverable shares will in no event exceed 0.80% of the capital stock at all times.

5. Coverage

The shares deliverable to Participants, subject to previously meeting the legal requirements established to this effect, may consist of Prisa shares held in the treasury stock, acquired or that are eventually purchased both by Prisa itself or any Prisa Group company, or shares generated by any other financial instrument that is determined by the Company.

6. Expiration

Should the Board of Directors not make use of the Meeting's authorisation to start up the Plan, on or before 31 December 2014, this resolution will be ineffective.

7. Authorisation of the Board of Directors

The Company Board of Directors is hereby empowered, with the broadest scope required in law and with express powers of replacement in favour of the Delegate Commission, Chairman of the Board of Directors, CEO and Appointments and
